We are the Student Council!

We are the Student Council and the school's Anti Bullying Ambassadors. We are here to make the school a better place! We want you to have your say. We will bring your suggestions to the staff and principal. The

The student Council has continuously worked hard at helping us set up at events, supporting us during events and helping with clean up afterwards. The Parents could not have done it without you. We would also like to acknowledge all of the children who have helped us out and who have not been on the student council. Well done! We look forward to working with you more in the future.
