This weeks Art & Craft ideas for you!

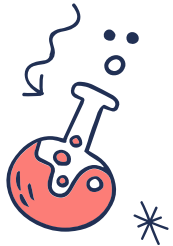

A silly sock worm for you
A perfect way to recycle your
old and unused socks

The steps to make your very own sock friend

The following slide will include a list of
equipment you will need

Equipment

1

SOCKS

Any old , unused or unwanted socks (in your favourite colour)

2

Elastic ties or small hair bobbles

Use clear coloured options or closest colour to your sock

3

Googly eyes OR black marker

if you don't have googly eyes black marker can be used

4

MORE OLD SOCKS

The stuffing will contain old piece of socks

5

PIPE CLEANER or Ribbon

This step is optional to decorate your sock

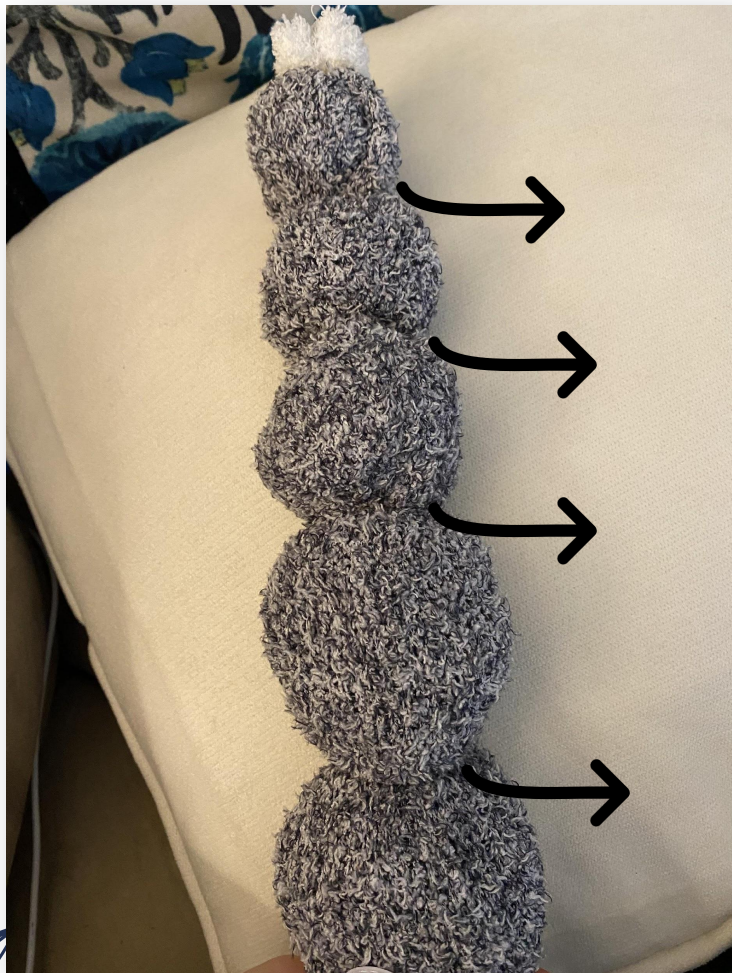

If you don't have/ cant get googly eyes you can use the white cardboard part found on some cereal boxes such as cornflakes and draw eyes

Step 1:

- Place the sock you wish to make your sock worm with on the table
- Place 2 large socks in to the top of the sock and tie off with elastic or bobbin
- Place another 1 large sock after and tie off with elastic
- Repeat this method with the amount of socks shown in the image to the left and tie with elastic ties after each

- An example of where each elastic band should be placed

Step 2:

- To finish your sock worm they will need some eyes to see!
- You can use googly eyes and stick them on to the front of your sock
- If your unable to use googly eyes, you can draw a pair of eyes on the white cardboard of a cornflake box and cut them out

(following slides will
demonstrate)

Steps

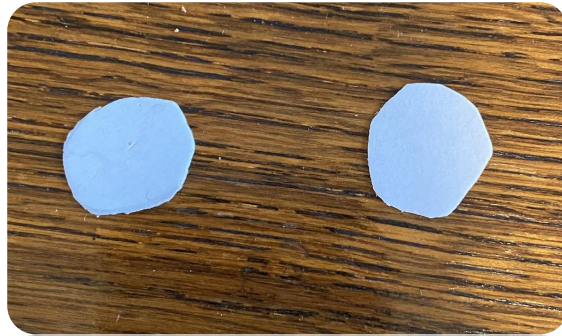

1

Get your cereal box
and draw 2 small
circles

2

cut out the circles
with sissors

3

Get a black markers
and draw two small
black circles

Final step

- To finish and decorate your sock worm you will need some coloured pipe cleaner
- You will need 1 piece of pipe cleaner
- Wrap the pipe cleaner around the elastic band of the front of the sock
- Once you have done this then twist it a few times to keep it in place
- Roll the ends of the pipe cleaner into a spiral shape

ENJOY!!
