

# Valentine's Day Arts & Crafts

A personal crafted card made by you for the people you love! A heart flower valentine day Craft

Suitable for Senior & Junior Classes

## Equipment Needed:

- Any colour paper (this will be used for the card itself)
- Coloured paper for the hearts
- Scissors
- Glue stick
- Green & black marker

## Method

1. Fold the main paper in half, chose the colour in which you want your card to be in the case of the picture it is white
2. Draw love heart shaped pieces on the other coloured paper and cut them out with the scissors, once you have cut them out

# Valentine's Day Arts & Crafts

design them in any way you would like (examples can be seen in picture above)

3. Once you have drawn on the love hearts, draw the stems with green marker on the front of the folded card
4. Once the stems have been drawn on, glue and place down the love hearts in position similar to the one like the picture above
5. Once you have glued them on, write on the card with a special message to your loved one

Pop out valentine day card idea!  
Suitable for junior & Senior classes

Equipment needed:

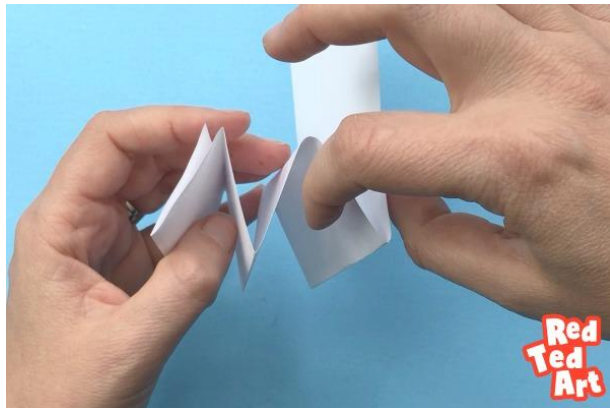

- Coloured paper A5 (pink in picture)
- White paper
- Scissors
- Glue stick
- Pen

# Valentine's Day Arts & Crafts

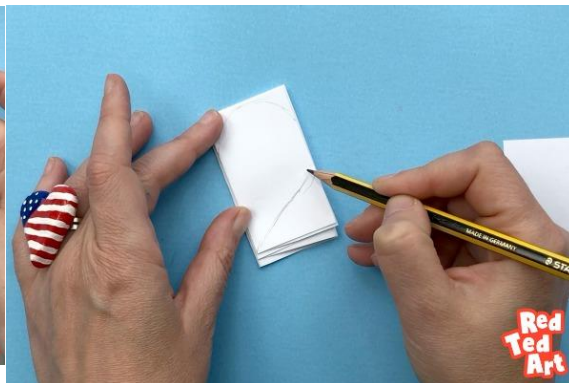

## Methods:

1. Fold your white paper in 3.5cm folds, need a total of 6 folds

2. Draw a half heart (make sure the 'outside' of the heart is on the side that 'flaps open' and also that it goes right to the edge)

# Valentine's Day Arts & Crafts

3. Cut out the hearts, when you open it should have 3 hearts connected together, now you have to decorate your hearts, you can use smaller hearts and place them inside the white hearts as seen in the below picture

4. The coloured paper you wish your card to be fold in half to make a card shape, place and glue the three connected hearts to the inside of the folded card.

5. You can now decorate the outside/front of the card any way you wish, make sure write an important message in the inside for whoever you wish to give the to

of  
to  
card

Stapled paper heart Wreath

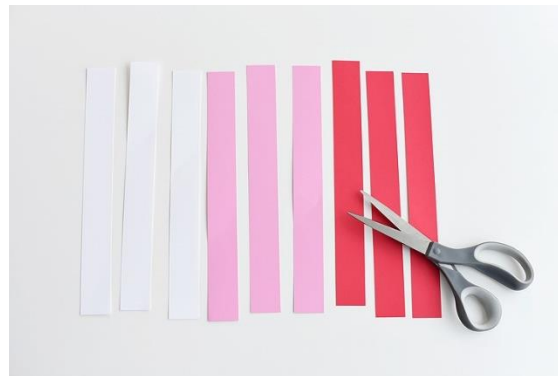

Suitable for senior classes

Equipment Needed:

- 3 sheets of coloured paper
- Ribbon/wool
- Scissors
- Stapler/cello-tape

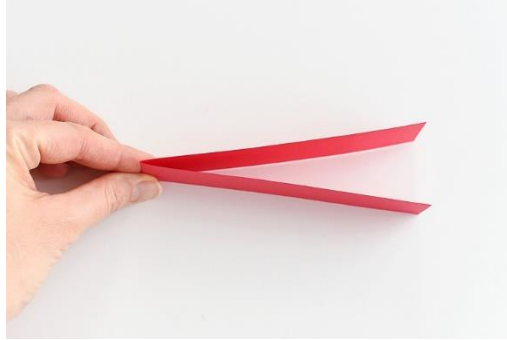

## Method:

1. Cut out 9 strips of paper about 1-1/4'' wide by 11'' long, each strip of paper will become one heart in your wreath

2. Fold each strip in half, curve the ends of the paper inwards to make a heart shape and staple/cello tape the two ends together

# Valentine's Day Arts & Crafts

3. The last 2 strips should include the two ends of the ribbon, staple the ribbon right between the middle of the two hearts

4. The ribbon would be 18'' in length, once you have made the two hearts that the ribbon will hang from staple you will have to then connect the rest of the hearts

5. Connect the hearts together by lining them up together, line up the bottom points of the two heart shapes then staple them together about half way between the bottom and the two of the heart

# Valentine's Day Arts & Crafts

6. Continue to staple the hearts together until you make it all the way around

## Valentine's Day Heart Man

Suitable for junior classes

### Equipment needed:

- Red paper (or any colour)
- White card paper/ plain paper
- Black marker
- Scissors
- Glue/cello tape
- Googly eyes (optional)

# Valentine's Day Arts & Crafts

## Method:

1. On your red (or other coloured paper) draw a medium/large size love heart.
2. Draw another 4 love hearts but much smaller in size

3. Cut your white paper in strips 2 long strips 20cm and 2 smaller 12 cm in length
4. Once you have cut all your pieces out, fold the white strips of paper like an accordion as seen in the picture

5. Glue the two long pieces of white strips (legs) to the bottom of the large love heart and glue the two shorter strips to the middle of the heart (arms)
6. Glue on the 4 small hearts on each end of the white strips both legs and arms

# Valentine's Day Arts & Crafts

7. Create a face for your heart man/woman, you can glue on google eyes or draw in some with black marker along with a smiley face
