# Robertstown National School

20<sup>th</sup> of September 2021

Dear Parents,

Curriculum resources payments have been set up on Aladdin, thank you to all who have paid already, your support is greatly appreciated in this regard.

Thank you to all who availed of the school insurance service, for 24-hour cover.

Our school have linked in with the KWETB and the Music Development Officer for Kildare. Ukulele lessons for 3rd and 4th class children will begin this Wednesday 22nd, until the end of the school year, for 45-minute classes. There is a cost involved for these 30 lessons of €30 per child in total or €2 per week, which we hope you support us with. The ukulele also costs €30, which the children get to keep at the end of the year. Payment links will be set up on Aladdin later today.

HSE School Vision Consent Forms are being sent home today for students from Junior Infants and Senior Infants, please complete and return at your earliest convenience. The screening nurse will then be in contact with us to arrange a date.

Our caretaker John has begun work to complete our school library, we are hoping this will be finished over the coming weeks.

If any parent has the skills or has a recommendation for an I.T consultant or someone with web design expertise, please let us know as we hope to redesign/modify our website in the coming months.
